

LEARN ABOUT YOUR CHILD'S READING ABILITIES!

We are currently looking for children with and without reading disabilities, ages 10 - 14, to participate in a research study to learn more about how children become good readers.

WHAT:

2 days of four to five hours each, during which your child will complete paper & pencil tasks and computerized tests, and some children will receive free Magnetic Resonance Imaging (MRI) scans of the brain. Free *individualized* IQ and school (reading) testing with summary of your child's performance provided.

WHERE:

Kennedy Krieger Institute
707 North Broadway, Baltimore, MD

BENEFITS:

There are no direct medical benefits for participating in this study, and risks are minimal.

COMPENSATION:

\$25
